

DROPPED DEAD.

Congressman Cooke, of Chicago,
Dies Suddenly.

ENTIRE EXPEDITION MASSACRED

Great Parade of Confederate Veter-
ans at Nashville.

EXCESSIVE HEAT KILLING MANY PEOPLE.

Washington, June 24.—Congress-
man Cooke, of Chicago, a prominent
politician, dropped dead in his room
in a hotel in this city this morning.
The cause was probably heart failure.

MASSACRED.

Entire Expedition Cut Down By
Natives.

London, June 23.—Telegraph re-
ports from the interior indicate that
the entire African expedition has
been massacred by the blood-thirsty
natives of the upper Nile region.
There were about seven thousand
people in the expedition, and circum-
stances all confirm the report.

CONFEDERATE VETERANS.

The Parade in Nashville Was an
Enormous One.

Nashville, June 24.—The parade
of the Confederate Veterans this
morning was an enormous one.
Thousands were in line, and it is
claimed it was the largest parade in
the history of the city.

COURT HOUSE

Destroyed by Lightning at En-
glish, Ind.

English, Ind., June 24.—Light-
ning struck the court house during
the storm last night, entirely de-
molishing the structure. The building
was a new one and quite a fine build-
ing. The loss is about fifteen thou-
sand dollars.

Dying From Heat.

Kansas City, Mo., June 24.—For
the past two or three days the heat
has been intense. Yesterday a num-
ber of persons were overcome and
have died, and today will doubtless
add largely to the number.

HAWAIIAN ANNEXATION.

Bill Introduced in the Senate By
Mr. Morgan.

Washington, June 23.—Senator
Morgan today introduced a bill for
the annexation of the Hawaiian Is-
lands. The bill provides that the is-
lands shall become a territory of the
United States in accordance with the
terms of the recently negotiated treaty.
The date set for the exten-
sion of the laws of this country over
the islands is the 4th of March, 1898,
but it is specifically provided that
they may be put in force at an earlier
day if congress so directs. It is also
directed that the five commissioners
provided for by the treaty to make
recommendations to congress in mat-
ters pertaining to Hawaii shall be
confirmed by the senate.

The bill appropriates \$1,000,000
for the execution of its provisions.
Out of this sum the interest on the
Hawaiian debt is to be paid, but pro-
vision for the payment of the princi-
pal of this debt is deferred.

In reply to a question, Senator
Morgan said that his bill was intro-
duced to carry the annexation treaty
into execution in case it should be rat-
ified by the senate, or to provide for
its ratification by the joint action of
the two houses in case the senate
should refuse to act. "The treaty,"
said the senator, "is a majority vote in
case of the two houses, thus avoiding the
necessity for securing two-thirds of
the senate, as would be required if the
matter should be passed upon by that
body alone."

The senator said that circum-
stances would determine whether the
bill should be pressed during the
present session of congress.

A LOUISVILLE DRUMMER

Insulted a Woman and Is Killed
Therefore.

Corbin, Ky., June 24.—Ned Curry,
a merchant of this city, shot and
killed Wm. Corley, a Louisville drum-
mer, this afternoon. Curry alleged
that Corley insulted his wife. The
affair has created a sensation.

PROTEST OF JAPAN

Against Hawaiian Annexation
Will be Fully Considered.

Washington, June 24.—The Ha-
waiian annexation treaty formed the
principal topic of consideration by
the senate committee on foreign re-
lations at its brief session yesterday.
A treaty and accompanying papers
were referred to a sub-committee
consisting of Senators Davis, Foraker
and Morgan, with instructions to in-
vestigate the entire question and re-
port to the full committee. The
papers read against the annexa-
tion. The document did not call out
much comment, but all that was said
was of a character to indicate that
the members of the committee did not
regard it as likely to lead to serious
complications, though requiring the

most respectful consideration. The
sub-committee will consider the com-
plications likely to grow out of an-
nexation, including those referring to
the trade relations of the islands.
This will involve a study of all of
Hawaii's treaties with other coun-
tries.

BUSHNELL

Renamed By Ohio Republicans
For Governor.

Toledo, O., June 23.—The Repub-
lican State Convention completed its
work today in a session of less than
four hours. While there had been a
hard fight for two days for the con-
trol of the State Central Committee,
there was every appearance of har-
mony and enthusiasm today.

Gov. Bushnell not only accepted
the situation completely before the
convention assembled by having
friendly consultations with Senator
Hanna, but he also made a strong
speech of acceptance in the conven-
tion.

When Gov. Bushnell declared,
"In spite of the statements of the
Democratic press, I accept," there
was a loud demonstration.

The ticket as nominated is as fol-
lows:
Governor—Asa S. Bushnell.
Lieutenant Governor—A. W.
Jones.

Supreme Judge—Jacob F. Bur-
kett.
Attorney General—Frank Monett.
State Treasurer—Samuel Camp-
bell.

School Commissioner—L. D. Bon-
brake.
Member Board Public Works—C.
A. Goldard.

FATAL WINDS

Play Havoc With People and
Property.

Saline, Kas., June 24.—A terrific
cyclone passed through this county
this morning leaving ruin and de-
struction in its wake. Ten persons are
known to have been killed and many
fatally injured. The amount of
property destroyed cannot be calcu-
lated at this time, but it is enor-
mous.

LENTS WRITES HOME.

Says His Pining Spouse Will
Never Hear From Him
Again.

J. T. Lents, the Marshall county
undertaker who recently disappeared
from his home near Benton and is
supposed to have carried his daugh-
ter-in-law, Mrs. Lloyd Lents, with
him, has been heard from. His wife
yesterday received a letter from him
dated Nashville, and he informed her
that she would never see him again,
as he was going from Nashville to
Florida.

Lents collected all the money he
could and sold his coffin shop before
he skipped out. He enclosed in the
letter to his wife one of his daugh-
ter-in-law, but this is supposed to be only
a "blind."

MILLER ARRESTED.

His Bond Was Fixed at
\$500.

He Was Carried to Princeton For
Safe Keeping.

Sam Miller, the negro who day be-
fore yesterday made the alleged at-
tempted assault upon the little daugh-
ter of J. B. Withers, of Eddyville,
captured by Marshall John Opie,
Eddyville. He was immediately
taken before Police Judge Utley,
and, waiving examination, was com-
mitted to jail in default of \$500 bail.
He was taken to Princeton on the
4:13 p. m. train by Sheriff Boughter
for safe keeping. Miller denies that
he is guilty and claims that the
child's fright was caused by a calf.
E. B. Withers, a uncle of the little
girl, made an attempt to shoot Miller
as he was being conveyed to jail, but
was prevented by Marshal Opie.
It is likely that the case is not so
bad as first reported, as is indicated
by the amount of bond.

AN ADDLED BRAIN

And What It Produced in the
Register.

The "Register" of today says there
was a Republican caucus last night
at the St. Louis office, and proceeds to
expand on the alleged doings of the
caucus.

There may have been a Republi-
can caucus last night, but if there
was one no such things as reported
in the Daily Preparator were done.
It was all intended in the addled brain
of one of the talented staff, proba-
bly in that of the new reporter.
There was not a word of the article

RAIN AGAIN.

The Two Games With Terre
Haute Today Postponed.

THEY WILL PLAY TOMORROW.

Terre Haute Won Yesterday's
Game by a Score of 5 to 3.

GENERAL NEWS OF INTEREST TO FANS.

The two games of baseball to have
been played this afternoon between
Paducah and Terre Haute were post-
poned on account of the rain, which
rendered the grounds unfit for the
contest.

Tomorrow being an off day with
both clubs, however, they will cross
bats and play two games as they in-
tended to do today.

Paducah lost yesterday's game
with Terre Haute by a score of 5 to
3. There was a small crowd present,
and the game was almost totally de-
void of "ginger."

By a copious use of saw dust and
sand, the grounds were made so the
players wouldn't be drowned or en-
gulfed in the quicksand and mud of
deep bed.

Paducah lost the game in the third
inning. The Terre Haute's "swat-
ted the stuff" out of Sudhoff's
hands, and Pears, who has long
imagined he is "the" only player,
and Noonan, whose ball playing
some time doesn't justify the noise
he makes, made rank errors. As a
result, Terre Haute piled up five
runs, which is all they got during the
game.

The Paducahs couldn't find Bates'
balls at first, but finally succeeded in
getting a few hits off him, but
couldn't properly bunch them. They
made three runs. Summary.

WICKED WINDS.

They Swept the City at 10
O'clock This Morning.

SEVERAL BUILDINGS UNROOFED.

Trees Blown Down, Glasses
Broken Out—Other Damage
of the Storm.

NO ONE REPORTED AS INJURED.

A destructive wind storm swept
over the city about 10 o'clock this
forenoon, and did considerable dam-
age to property, but none of a very
serious nature.

A huge black cloud loomed up in
the northwest, and in a short time
the heavens grew dark and a brisk
wind began blowing. Frightened
people ran to and fro, and while
there was great excitement all over
the city, there was perhaps more at
the wharf than anywhere else.

The steamers John S. Hopkins,
Sunshine, Cowing, Bettie Owen and
City of Savannah were all lying at
the wharf or not far away. The
Fowler, upon which there was no
steam, was the first to be seized. She
was helpless in the gale and the stern
line snapped like thread, and the
wind, blowing up stream, caught
her in the rear and swung her around
with great force against a coal float,
driving it up several feet on the
wharf.

The Hopkins was against the wharf
just below the Sunshine, and but for
the skillful manner in which the
boats were handled there would
doubtless have resulted great dam-
age. As quick as possible both
boats were lashed together, their
stern lines released, and the wi-
d swung them around against the
Bettie Owen, whose moorings seemed
stronger than any others. Some of
the lighter timber was smashed, and
the passengers, especially the women
and children on the Sunshine, were
well frightened with fright, and
many of the male passengers jumped
off and ran up the wharf in the
heavy rain. The Sunshine was
driven up so far on shore that it re-
quired a vast amount of puffing and
blowing and some little time, to ex-
tricate herself.

The City of Savannah saw the
danger in time, and turned so as to
meet the wind face to face. She
handled herself well, as did the Bet-
tie Owen.

The wharf boats were loosened
and the stage planks twisted and
wrenched in all directions and left in
the river.

Mr. George Smith, agent for the
Adams Express company, had his big
wagon down when the wind struck.
He saw the vehicle could not stand it,
but too late, for the wind turned it
completely over, and Mr. Smith had
to cut the traces to keep from being
blown into the river with his wagons.

A driver of one of Cook's beer
wagons in front of "Shorty's"
Bowery," hoisted a large yellow um-
brella when the rain began to fall,
and it was seized and carried high
into the air, finally lodging in some
telephone wires near Mount &
Payne's, further down the street.

On Broadway the greatest excite-
ment prevailed, and boxes, gravel,
paper, signs and everything else, it
seemed, were flying in dangerous
proximity to one's head. When the
full force of the storm struck, falling
glass could be heard every where,
and those so unfortunate as to be out
could imagine they saw tottering
houses, flying smoke stacks and chim-
neys and mangled human bodies.

The roof was partially torn off of
Mr. George Rock's shoe store on
Broadway between Third and Fourth.
Also off Ed Ware's clothing store,
next door. The roof was also torn
off the building formerly occupied by
E. B. Harbour, near Ware's, owned
by J. W. Bloomfield.

The roof was partially removed
from Michael's harness store on Sec-
ond street. Also from Dr. Reed's
residence at Seventh and Clay.

The roof was partially blown off
Eads & Lehnardt's coal office near
Harrison and Ninth.

The damage done at B. Weille's
clothing store on Broadway, near
Fourth, will probably amount to \$200
or more. The large smoke stack in
the rear, on the steam heating fur-
nace, nearly 100 feet high, was blown
down and disjoined, several large
panes of glass were broken out, and
the hatch was blown off the top of
the house. The rain poured in
through it and did over \$100 worth
of damage to clothing before the
water was discovered.

There was great excitement at the
tent meeting on Third street, between
Ohio and Tennessee streets. When
the wind struck the tent, it was car-
ried up, stakes and all, and split in
two. But for the presence of mind
of the preacher, Mr. Fred Long, and
some of the other gentlemen, and
their heroic efforts, there would
have been a panic, and the tent
would have been blown away.

Trees were blown down and broken
off all over the city, glass was
broken, and hats of unfortunate pe-
destrians were carried away, some
never to be seen again.

The wind struck the long line of
street car trailers on the switch on
Fountain avenue, rolled them several
yards up the track and then derailed
several of them. Great damage was
also done the local telephone system.

Special Agent C. W. Huntley
left today for Chicago on business.

John Adams, an employee of the
Callicut Stave Company, of Dyer-
burg, had a leg broken below the
knee and numerous other injuries in-
dicted by train No. 294 on the I. C.
last night. The train backed into a
sidling and the car on which Adams
was at work broke loose from the
train and jammed a pile of staves to-
gether. He lives at Lucy, Tenn.

Trainmaster J. A. Frates is in the
city from the Memphis Division.

Engineer James Dugan, who has
been ill for several months, has gone
to Hot Springs for his health.

The shop men and railroad crews
were paid off yesterday. The pay
train left this morning on its south-
ern mission of charity.

The third quarterly watch inspec-
tion of Illinois Central employees takes
place from July 1st to 15th, and a
notice to this effect has been filed on
the bulletin boards.

Bob Seates, who was here until a
few months ago with the Illinois
Central, but was transferred to Gren-
ada, Miss., returned last night.

The roofs were today put on the
shop additions, and the shop im-
provements are almost complete.

A SPANISH and an American fought a duel with pistols near Gaudalajara, about their views on the Cuban question. Both were severely wounded.

The grave of Nancy Hanks, Lincoln's mother, not only has a monument over it, but is enclosed in an iron fence. It is on the top of a hill in Spencer county, Ind.

EVERY Republican in McCracken county should attend the convention Saturday and use their influence to nominate good men. There has never been a time when our prospects were as good for electing our nominees.

The country learns with deep satisfaction that the eminent statesman, Sherman, will remain at the head of the State Department. It has been so persistently reported that he was to resign, as to cause some fear it was possibly true.

While Senator Hill is discussing politics "in a humorous way," he surely cannot be complained for facetiousness, as the last edition of Democracy published in Chicago, 1896, was not only a broad joke, but a rip roaring farce.

The great prophet of free silver, Bryan, is now having charges made against him. Bryan under fire and hauled up to the bar, with Watson and Butler pawing the dust and bellying, show to what port, the grand aggregation of inharmonious political nondescripts, who make up the free silver tribe, is drifting.

The revenue officers appear to have a penchant for seizing the little steamer Dauntless. She was released by the courts. She met with an accident to her boilers at sea, was picked up by the revenue cutter McLane and towed into port under seizure for violating the neutrality laws.

THE SUN congratulates Clint B. Leigh on his success with the "Journal," of St. Louis. Mr. Leigh is one of Paducah's boys, which she is proud to claim. It was hoped he would remain here and make a lively, reputable paper of the "Register," but the foundations were too narrow to make even a respectable country paper.

HON. PAUL SORG, of Ohio, is rushing into print, declaring himself for

free and unlimited coinage of silver, and wishing it incorporated in the Democratic platform and made the leading issue, with himself the nominee for governor. It is hoped Paul's scheme will be carried out in full,—then watch, if what the Republicans of that state do to him and his Democratic party will not be enough to keep the memory of it bright for a decade.

The little Democratic nominations of Louisville have been made, and it will take the Republicans just one day in November to knock down every pin with a well calculated "ten strike." The silverbug business cannot be perpetrated under the name of Democratic harmony and the Republicans and gold Democrats will break up the nest of conspirators.

Watson and Butler are at outs. It is said "when rogues fall out honest men get their dues," but up to date nothing has been written about Populists falling out. Just to imagine that such a body could fall out, where each man holds his own views and has his own way! A row among them would make a snail that would put to shame the many "distinct stalks of cologne."

Some of the men of Lynn, Mass., should learn better than to make a disreputable assault on British flags flying on the jubilee day over the houses of English residents in that ill bred burg. They should be taught a severe lesson. If their patriotism leaks so badly, they ought to try and pull down the bronze "lion and unicorn" which decorates the old state house in Boston. There would be found sufficient reputable men there to prevent an exhibition of such folly.

The spirit of the Confederate Veterans of Kentucky towards General Buckner does not show up well in the eyes of the general public. It has been declared that politics nor religious discussions shall appear in the organization. It may with truth be said that but yesterday the word of Buckner, with them, might have stood against the world, but now none so poor to do him reverence. The misfortune is that the average Kentucky Democrat has been taught to carry his politics into church, business, social life and social organizations. Pity it is true.

For an unceasing flow of gab W. Jennings Bryan is ahead of all competitors. Blackburn for years held the lead, and at one time it was proposed to build an annex to the capitol at Washington to accommodate Joe's jaw. Bryan long ago recognized the pent-up limits of the capitol and feeling his utter illimitability of jaw, has opened headquarters in the open world and is taking a crack at the universe. Like a jay bird he pops up with an open mouth and a screech when least expected, but unlike the jay he does not make Friday pilgrimages. He is perhaps reserving these days for future use and will make one trip answer.

The average daily circulation of the SUN is, 1666 copies to daily bona fide subscribers. This is a gratifying and substantial result to the proprietors. The only regret which arises on the subject, is that it evokes the envy, and spitefulness of our promising neighbor, the "Register." The SUN will, however, still shine on, giving the truth and the light, and increasing its circulation. It is possible some of its rays may penetrate the ordinary recesses of the "Register," and drive out its dark spirits of "envy malice, hate and uncharitableness." It may, after a time, break up what seems to be an inborn spirit of misrepresentation of facts. This is doubtful, however. The SUN may fill in these charitable acts, but not intentionally.

The building and loan law since the decision of the court of appeals is the same as it was previous to 1893. The law of 1895 was more favorable to the association in some respects, but not in others. Many associations had not adopted it, preferring the old law. The building and loan associations prospered before the '95 law was enacted and can do so again, if allowed by their stock holders, who are the parties at interest, so to do. The associations are especially the friends to the poor man, enabling him to secure a home that he could not get otherwise. They are also a benefit to the community keeping a large amount of money in circulation among mechanics and laborers that otherwise would be dormant.

WHO ARE THE "TRAITORS?"
The "Register" says "the Republican council" had their inning in 1895. This is quite an enigma. The "Republican council" is well known by its fine administration of city affairs. "Their dupes" is incomprehensible. In the Republican ranks there are no dupes,—the voters are kept fully posted on public matters, by the many newspapers which give both sides of every question.

The term "their traitors" is something of a conundrum. The Republican party has no treason to its organization or principles to complain of. Every one of them answers "here" at every roll call. The "Register" must be making its self-forgotten grimaces at some members of the Democratic party. If that party has "traitors," or had "traitors," the SUN does not know them. In order to make an effective point, or publish something which people will read and believe, let the "Register" print the names of the "traitors" to whom it refers, or if it has not "the sand" to do it, send the list over and the SUN will print it for the "Register."

It is surmised by some that the "traitors" is directed towards and means the gold Democrats. If this be true why does not the "Register" come boldly out and say so. It is possible those Democrats would be able not only to defend themselves, but also show the same sort of "traitors" on the very bosom and front of the "Register."

Who are the "traitors" in Paducah? Not Republicans, dead sure! In the estimation of the "Register," probably not silver Democrats. Who then can the "traitors" be? Surely, not the W. C. T. U. The "Register" must mean the gold Democrats.

Well if the gold Democrats can stand it the SUN can, and let it go at that.
But the "Register" should not deal so darkly with dark deeds and agencies, but should specify, who are the dupes and traitors. Send in your list and stop mouthing and mysteriously hinting. As you are sitting on a mare's nest, baste up the pipping and hatch out something tangible.
Specify the traitors and dupes that honest men may hereafter avoid them. Specify—specify, or shut up those mysterious yawns.

AMONG THE PLAYERS.

Last Production of "David Garrick."

"QUEEN ESTHER" TONIGHT,
"Ten Nights in a Barroom" Begins This Evening at La Belle.

NOTES AND GOSSIP OF THE LOCAL STAGE

The closing performance of "David Garrick" was witnessed by another large crowd last night at Casino theater. The production was better than on previous nights, and the two drunken scenes by Messrs. Charlemagne Koehler and Harry Driscoll, respectively, were particularly realistic.

Tonight Esther cantata will be on the boards at the Casino by amateurs. Tomorrow night the stock company will put on a triple bill. Mr. Charlemagne Koehler appearing in a burlesque on this occasion. The program for tomorrow and Saturday is as follows:

THE ROUGH DIAMOND,
or
Cousin Joe's Visit.
Lord Plato.....Mr. Oliver Fluke
Sir William.....Mr. Harry Driscoll
Captain Augustus Blenheim.....Paul Fahlbusch
Cousin Joe.....Mr. George W. Wright
Tom.....Miss Nellie McDonough
Lady Plato.....Miss Laura Deane
Margery.....Miss Laura Deane

ROMEO AND JULIETTE.
Romeo.....Mr. Harry Driscoll
Juliette.....Miss Lillian O. Bowen

Re-engagement of Mr. Charlemagne Koehler who will appear in the side-splitting burlesque.

WILLIE WOULD BE.....Mr. Charlemagne Koehler
Ulysses Hamfat.....Mr. Oliver Fluke
Next week "Pearl of Savoy," a beautiful French play, will be put on for three days, and it is predicted that it will prove the best play thus far put on at the Casino.

A good crowd was at La Belle Park last night to see the final performance of "White Mountain Boy" by the Phillips' Stock Company. Tonight "Ten Nights in a Barroom" goes on, and the indications are for a good crowd. Preparations are being made for placing the electric fans in next week.

The Esther Cantata at the Casino tonight should not be forgotten. The entertainment is well worth the small admission of 25 and 15 cents charged, and the cause is a worthy one. You will find it cool and pleasant, and a better way to spend a sultry evening cannot be found.

Mrs. Foppe, wife of Manager H. J. Foppe, of Casino theater, will be on the boards next week in "Pearl of Savoy." Mrs. Foppe is said to be a splendid actress, and will no doubt add to the ability of the company.

Mr. George Wright, the Casino's "heavy" man, is an up-to-date baseball rooster, and when he attends a game you can hear his musical voice far above the others, and even above the tin horns.

"Camille" is soon to be put on by the Casino Stock Company, perhaps week after next, and this will be the most elaborate production yet undertaken by the company. It will also prove the strongest attraction of the season.

Miss Bowen, of the Casino, is mourning the loss of her Spanish pup. The animal may have been instantly killed, fatally injured, abducted to it may have only eloped. The last seen of him he was keeping in the middle of the road. The information was afterwards brought in that he had fallen a martyr to the wheels of a ruthless express wagon, and there was a fresh mound of earth on the side of the street to prove it. No one disinterested the remains, however, to see if they were really there.

Will Conner, the Casino property man, who was burned last week by a rocket explosion, is almost able to be out again and resume work.

The street car tracks have not yet been extended up the hill at La Belle park, but it is thought they will be by Sunday or next week. Mr. J. W. Hall finds "shooting-the-chute" a very popular form of amusement, and next Sunday will have a swimming match in the lake between two experts. There will also be a new supply of bathing suits on hand.

Night before last just after the dance at Ramona park ended, lightning struck the electric light circular, and put out every light. The damage was repaired before last night's performance, however.

Mr. H. B. Siggins, who was here last year with the La Belle Park Stock Company, arrived last night from New York to take a place with the same company for the remainder of the season. Mr. E. S. Lawrence, who was given his release by Manager Phillips, leaves in a day or two for New York.

Several attractive pictures of Miss Lillian O. Bowen, leading lady at the Casino, have been placed on exhibition in B. Weille's display window. Miss Bowen's "Juliet" will prove a strong drawing card to the row and Saturday.

Mr. Charlemagne Koehler will probably prolong his visit another week, or maybe longer.

Manager Alphonso Phillips, of the Belle Park theater, said a day or so since, "It is somewhat noteworthy that some people get in the habit of coming to a show, and somehow never see the performance. I see faces every night

STRAY NOTES.

Officer Crow Finds an Old Friend in Disguise.

Few Items to Be Found in Police Circles Today.

Officer Crow was told early this morning that there was a dead man lying on an embankment near the Wallace-Gregory saw factory on West Court street. He went down to investigate, and found peacefully slumbering there a typical "hobo." This "hobo" was a small man, poorly dressed, with several tin cans crudely converted into cooking utensils lying over by, and a piece of uncooked—but not very fresh—meat under him, to keep flies and stray dogs from devouring it while he slept. The man was awakened, and recognized the officer as an old friend. The man's name is Jim Nolen, and he lived here years ago and remembered when John Sauner was mayor, and Mr. T. J. Atkins was marshal. He was also an old acquaintance of Officers Harlan, Collins and some of the older members of the police force. Nolen is now a tramp painter, and could doubtless tell many a hard luck story if he stayed in one place long enough.

Two young men from Mayfield are here to look after Ed Watson, who was released from jail yesterday afternoon, the charge of stealing two paint brushes from Mr. Charles Warren being filed away on account of the man's deplorable condition. He is said to be a morose fiend, as well as drunkard, and the two young men mentioned above are here to straighten him out and take him back home to Mayfield.

Robert Molett was reported today by officers at the jail as being in a worse condition than yesterday. Blood flows from his mouth, and he either has or signs to have, lockjaw. It is thought that he has lockjaw, fractured, and this afternoon County Physician Brothers went around with a bottle of chloroform to satisfy himself that the darkey either has lockjaw or is dissembling.

Fiscal court is called to meet in special session July 6th. There are two regular and usually one called session every year. This will be the second called meeting since January, the other one being called to elect a county judge. Allowing claims are decided to get them ready by July 1st.

The investigation of Chain Gang was Francis has been concluded, and the committee will not report until the next meeting of the council, two weeks hence. Mr. Frank, as stated in the Sun yesterday, temporary charge, having been appointed by Mayor Yeiser. He was not to be found yesterday when appointment was made, however, Mr. Tom Evetts was placed in charge of the gang. Mr. Sears took charge today.

I. L. RANDOLPH,
Phone 89, 123 S. Second St.

The only communication Marshal Collins received today was a postal from Hopkinsville, announcing the theft of a mule. He kindly offered this to the reporters, but it was thankfully declined.

Robert Hayes, the boy arrested at the baseball park several Sundays ago with a pistol concealed, was tried before Justice Winchester yesterday afternoon and fined \$25 and given ten days in jail. He took an appeal that a pardon may be applied for.

The case against Arthur Pearson, at Benton, charged with the murder of Ben Smith, was called today, and will probably be continued.

POLICE COURT.

Dismissals and Continuances Predominate Today.

Robt. Kyle Comes Clear—M. Ruth Again in Trouble.

There was a brief session of the police court this forenoon. The warrant against Robt. Kyle, charged with shooting at James Doyle, was dismissed. Doyle, it will be recalled, didn't want his daughter to attend a dance with Kyle, and in a difficulty struck Kyle with a poker and was shot at.

The cases against Robt. Smith and Robt. Molett, colored, charged with malicious assault and malicious cutting, were continued on the statement of County Physician Brothers, who said that Molett is too ill to attend court.

A case against M. Ruth, the fisherman, charged with disposing of spoiled fish on the market, was continued until tomorrow. Ruth was only recently fined for a similar offense, and today demanded a trial by jury. The case was left open to ascertain whether the case can legally be tried by jury tonight or not.

A case against James Hubbard, charged with firing a pistol inside a hack about a week ago, was called and continued. Hubbard afterwards appeared, however, was questioned and swore he did not fire the pistol. The warrant was then dismissed.

Jim Coyle, a well known Irishman, was fined \$5 and costs for mistaking a market bench for a boarding house bed, although the mistake may have been natural.
